

Important Notice from Hendry BOCC

About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with **Hendry BOCC** and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

- 1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.**
- 2. Hendry BOCC has determined that the prescription drug coverage offered by the PRM Group Health Trust is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is considered Creditable Coverage.**

Because your existing coverage is, on average, at least as good as standard Medicare prescription drug coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current **Hendry BOCC** coverage will not be affected. See pages 7 – 9 of the CMS Disclosure of Creditable Coverage

to Medicare Part D Eligible Individuals Guidance (available at <http://www.cms.hhs.gov/CreditableCoverage/>), which outlines the prescription drug plan provisions/options that Medicare eligible individuals may have available to them when they become eligible for Medicare Part D.

If you do decide to join a Medicare drug plan and drop your Hendry BOCC prescription drug coverage, be aware that you and your dependents may not be able to get this (PRM) coverage back.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your coverage with **Hendry BOCC** and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without prescription drug coverage that's at least as good as Medicare's prescription drug coverage, your monthly premium may go up by at least 1% of the base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without coverage, your premium may consistently be at least 19% higher than the base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.
